Lösung (öffentlich)

Can I make a second call on my smartphone if I already have a call with my number on the desk phone?
Outgoing calls are possible, incoming calls only if the second call (call waiting) has been enabled in the telephone system (second call is disabled by default). The second call must be set or removed individually for each device type (PC, Apple IOS smartphone, Android smartphone). To do this, please contact the [1]Service Desk for this.
