## Keywords

Eduroam Einrichtung WLAN Wi-Fi Windows Windows10

## Solution (public)

Hint: If the setup of Eduroam is not successful, please "Change" your WLAN password at: [1]<https://selfservice.tu-dresden.de/passwords/> then wait 15 minutes and start again.

Please note that the username in these instructions must always be entered in the following format: yourZIHLogin@tu-dresden.de

Please download the CAT Tool from the CAT website.  
[2]<https://cat.eduroam.org/?idp=5916>. Now open the file to start the installation.

Screenshot: CAT Tool

Please click "Next" during the installation.

Screenshot: CAT Tool installation

Please check now if you have selected the correct tool. There it says for member of Technical University of Dresden and confirm this with "OK".
