Android OpenVPN VPN Einrichtung

Lösung (öffentlich)

- Download OpenVPN Connect from the App Store: [1]Google Play Store
- Download and save the configuration file from the [2]Self Service Portal (SSP). Remember the folder in which the file is located.
- Open OpenVPN Connect and agree to the terms of use by clicking Agree.

Screenshot request terms of use with marker on Agree

- Allow the app to access your files so that you can open the configuration file. To do this, click Allow.

Screenshot access request with marker on Allow

- Locate your configuration file (by default in the download folder) and import it by clicking Import.

Screenshot configuration file with marker on Import

- Enter your ZIH login and click on ADD.
